RAY HATFIELD

Mounting & Finishing a Gemsbok RH-01 2-Disc Set\$40
Ray brings you every detail of mounting and finishing. Damage on African skins is a common occurrence and Ray shows repair techniques.

Mounting & Finishing an Impala RH-02 2-Disc Set\$40
Ray starts with a commercially tanned skin and shows the complete mounting and finishing process. Also covers repairs and tips for working on extremely shorthair game.

Skinning & Hide Prep. of a Lifesize Black Bear - RH-03\$25
Ray starts with the initial belly incision, which is typically required for rug mounts. However, the rest of the procedure can then be applied to ANY bear mount, which is: how to split the lips, flesh the eyes and nostrils, and turn the ears. Ray also shows you how to skin out the paw pads and the toes. He then demonstrates the fleshing process using a fleshing beam, and then salting the hide, to get your bear hide ready for the tannery.

Mounting & Finishing a LS Brown Bear - RH-04 2-Disc Set..\$40
On the first disc, Ray starts with a tanned hide and shows you his techniques for mounting a lifesize brown bear, including minor adjustments to the form, bondo ears, claying the toes, etc. On the second disc is all the finishing work, which includes rebuilding around the eyes, nose, lips. Also includes painting and detailing techniques.

Mounting & Finishing a Warthog RH-05 2-Disc Set\$40
Ray starts out showing you how to make alterations to the form, to fit your cape, and then using a tanned cape, begins the complete mounting procedure, and using bondo method for the ears. All the finishing and painting work is covered in great detail, as well as how to fix blemishes, including throat seams, that you may typically find on African hogs.

Form Alteration RH-06\$25
Ray shows how to change the size and pose of a lifesize bear form. Alterations include turning the neck, changing leg length & positions, installing an artificial nose, opening the mouth on a closed mouth form, and installing a jawset (The modified form was then used in DVD RH-04). Video also includes a segment on altering the head width and length of a Warthog (This section is included in DVD RH-05). The techniques used can be applied to most lifesize or game head forms.
